

WHAT IS SPECIALIZED TRANSPORTATION?

Specialized transportation is a form of demand-response transport which often falls under the umbrella term paratransit. Specialized transportation is a term that describes any service along the transportation continuum between private automobile to fixed-route bus services, but specialized transportation services are targeted at people with mobility limitations caused by age or disability. Many individuals rely on several modes of specialized transportation to meet their needs.

Racine County recognizes the important role transportation plays in making sure our residents are receiving the services they need.

If you need additional information about transportation service and eligibility please call Racine County's Transportation Coordinator at (262) 833-8777.

Racine County Human Services operates its program and services without regard to race, color, and national origin in accordance with Title VI of the Civil Rights Act. Any person who believes she or he has been aggrieved by any unlawful discriminatory practice under Title VI may file a complaint with Racine County Human Services.

For more information on Racine County Human Services' civil rights program and the procedures to file a complaint, contact 262-833-8777 or email ninna.frank@racinecounty.com or visit our administrative office at 1717 Taylor Avenue.
